

AVANZA Laboratories Forms Advisory Board

GAITHERSBURG, MD – June 14, 2011 – AVANZA Laboratories, LLC (AVANZA), a contract research organization (CRO) providing GLP-compliant preclinical drug development services in the US, announced the formation of its Advisory Board.

“We are privileged to have such prestigious individuals on our Advisory Board.” said Ira S. DuBey, AVANZA’s Chairman of the Advisory Board. “Access to this Board will provide AVANZA with additional talent to help it grow through organic and acquisitive means.”

Members of the Advisory Board include:

Chairman: Ira S. DuBey, BA, MS, MBA
Members: Yale H. Caplan, Ph.D., D-ABFT
Edward Jackson Cone, Ph.D.
Thomas A. Kubic, J.D., Ph.D.
Gary W. Wolfe, Ph. D., D.A.B.T
Marian Kelley, M.A.
Sidney Pestka, M.D.
Patrick Bennett, B.S., M.S., M.B.A.

About AVANZA:

AVANZA Laboratories is a preclinical CRO that provides high quality regulatory-compliant drug development services. AVANZA is US owned and headquartered in Gaithersburg, Maryland. The AVANZA team is known for its extensive work in toxicology, including vaccines, developmental and reproductive toxicology (DART), safety pharmacology, and product development support.

Our mission is to continue advancing cures through drug development services.
